

LAKE GENEVA CUSTOM HOME

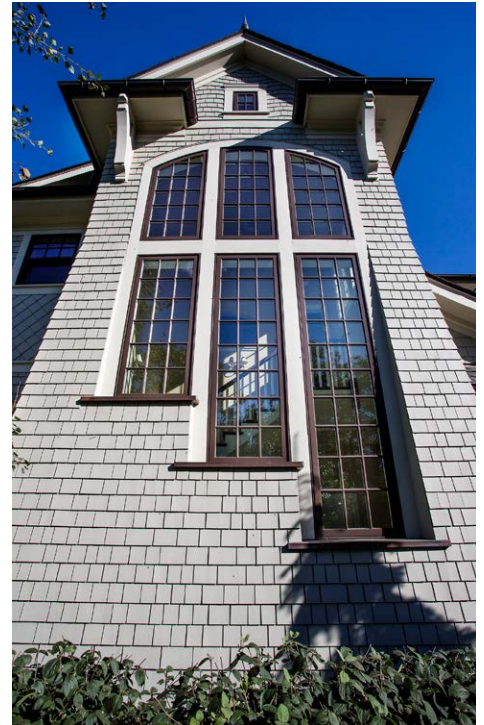

Client: Private Homeowners

Location: Lake Geneva, WI

Product Type: Custom Single Family Home

Services: Architecture

Size: 10,094 sf

Inspired by the historic and elegant coastal homes of New England, this distinctive shingle style custom home blends 19th century charm with modern conveniences. Situated on a bluff, the fashionable and highly-detailed home establishes a unique presence from all vantage points. Finely crafted decorative elements and details adorn the asymmetrical façade in conjunction with complex fenestration patterns, extensive porches and a bronze-clad tower. The varied massing allowed designers to create a playful, diverse floor plan with elaborately appointed spaces.
