Density: 21 du/ac

This neighborhood contains both flats and townhomes for rent, which will attract a variety of residents. The townhomes are one-of-a-kind, with large balconies and overhead trellises, corbels and brick throughout the exterior. The streetscape exudes curb appeal and neighborhood inclusivity, enhanced by rear load garages. Within the community is a clubhouse, pool with a large sundeck, outdoor entertaining spaces, fitness center, bocce ball courts, a media lounge and more.
